Professional Experience

Freelance Projects

Full-Stack Developer

2024 – present

Successfully delivered diverse freelance projects, handling tasks of varying complexity with timely and reliable execution.

A-Store Ecommerce Platform

Founder & UI/UX Designer

2017 – 2024

Founded and led **a-store.ge**, a customer-focused and innovative e-commerce platform tailored for the Georgian market.

Projects

Courier Service App

Full-Stack Developer

11/2024 – 02/2025

A modern, high-performance application providing complete service solutions for courier companies, with dedicated interfaces for admins, couriers, and merchants

Movies web app

Full-Stack Developer

08/2024 – 09/2024

My first full-stack web app gave me a deeper understanding of how to structure and deliver complete user experiences.

A-Store.ge Ecommerce

Founder

2017 – 2024

From 360° product views to realistic sizing previews, the platform focused on providing an immersive and practical user experience.

Education

Georgian Technical University

2009 – 2013 | Tbilisi, Georgia
